PRESS RELEASE

1. On Tuesday July 23, 2019, a group of dismissed staff led by the former Vice-Chancellor, Prof Mawutor Avoke, stormed the main administrative block from where the Vice-Chancellor operates and headed straight to the Council Chamber to address a press conference to announce their assumption of the leadership of the University.
2. A team of security officers was called in and they swiftly removed this unruly and unauthorised group from the facility.
3. The Vice-Chancellor was at post attending to normal activities when the said unauthorised group barged into the University facility. He remained at post and carried out his lawful duties till the close of day.
4. The University urges students, parents, staff, alumni and all other stakeholders to treat with utmost contempt any suggestion that there has been a change of Vice-Chancellor.
5. The University wishes to emphasize that, the Vice-Chancellor, Very Rev. Fr. Prof. Anthony Afful-Broni, is still at post contrary to some mischievous reports circulating in mainstream media and on social media.
6. We further assure our cherished students, parents, staff, alumni and all other stakeholders that the University premises are opened, safe and secured for business.
7. All administrative and academic activities, including our Sandwich Session which commenced on Monday July 22, 2019 are going on in earnest.
